We understand the importance of trims and accessories in adding value to our products. All metal items that we use are nickel free and ferrous free for needle checks. We also source the fancy accessories items.

Mayc's Garments Ltd

- *Design & Development*

We develop styles according to the buyer's demand by following specific inquiry sent by buyer. Style sample are made according to the buyers specs. Accessories and trims are add as per the buyer's instruction.

Mayc's Garments Ltd

◎ **Raw Materials**

We manufacture garments in 100% cotton, synthetic & blends. We can source cotton fabrics locally and all other fabrics are usually imported from china and Pakistan. For synthetic fabric we have an extensive network and experience in sourcing fabric in china, Taiwan, Korea and India. We are also to happy use the buyer nominated suppliers.

All materials used are AZO and formal dehydrate free. Oeko standard fabrics are offer on request.

Mayc's Garments Ltd

◉ **Why Bangladesh?**

Today Bangladesh offers a very flexible and feasible production base for its customers. The European market is already quota free for all kinds of fabric it is also eligible for GSP facilities. More and more backward linkage textiles industries are being set up. As a result buyer can now pick from a greater variety fabrics than ever before.

Lead times are becoming shorter as factories are offering larger production capacities to meet shorter deadline.

Bangladesh has also shown a strong growth in non traditional markets such as japan, south Africa , Latin America, and Australia.

mayc's
garments ltd

Bangladesh is facing fierce competition from major manufacturing countries with respect to delivery, quality, pricing, service and of course compliance. We Mac's garments are understand the importance of those issues and currently implementing a restructuring plan to increase productivity, upgrade technology and provide better service. We are continuously adding to our experience and knowledge of garment manufacturing.
